

Dear Joe and Tom,

We had an image of what we wanted the basement to look like, and you made that image a reality. We are thrilled with our new basement by Basement Living Systems. Not only were you professional at all times, the workmanship in our new basement was excellent. The attention to detail by Tommy and his men attributes to the beauty of this new room. Tommy's scheduling was like clockwork with workers arriving each day ready to move to the next step. Everyday after they left, the basement was clean and orderly. We felt comfortable having them in our home while we weren't there.

Not only are the walls beautiful, the product used for the walls and ceilings has reduced sound coming from the basement tremendously. We look forward to many years of enjoyment in our new basement by Basement Living Systems.

Sincerely,
